

**Dear Residents, Family and Friends of Bradford County Manor:**

**HAPPY NEW YEAR!**

The start of a new year always brings new resolutions and goals. We are hoping that 2008 will be a healthy, happy and productive year for our Residents, Families, Employees and Community.

As always with the start of a new year, should you receive information and/or a new statement from Social Security or any pension programs that details income for your loved ones, the facility is required to have that information. Please be sure to contact our Business Office staff and provide financial updates you receive to them. The information is needed so we can update our records and comply with requirements for Medical Assistance and other benefits utilized to receive the care we provide. This is provided on a yearly basis for residents. If you get the statements directed to you, as the responsible party providing us a copy would be very helpful. Should you have any questions regarding information received or any other financial aspects please do not hesitate to contact our Business Office staff for assistance.

I would like to introduce our new Interim Administrator, Mr. Thomas Finucane. Tom has been a member of the Complete Healthcare Resources family for many years and we are excited to welcome him to the facility. He brings a great wealth of knowledge and experience to the facility. He brings a great resource in our mission to make the facility even better in 2008.

I would like to thank all those that have welcomed me to the facility. I have truly enjoyed my time here and thank all the employees for their hard work and dedication to providing quality of care for our residents, their families and the community. The employees here meet and exceed new challenges every day and as we continue to strive to meet those challenges and grow together, it is their determination and acts of kindness and caring that truly make a difference.

Sincerely,

Jennifer Zufall, NHA  
Administrator
